### HEALTH REGULATIONS:

- **Before unloading livestock:** All animals must be inspected prior to unloading. Unloading must occur between 6am and midnight. If exhibitors are planning to arrive prior to 7am or after 10pm, they may wish to call in advance to ensure that one of the state veterinarians is on the grounds when they arrive, except on Tuesday, when someone will already be on the grounds at 6am. Contact numbers for each date will be available from species superintendents and will be posted at the veterinary inspection tent during the Fair. Animals should NOT be unloaded directly into the tie-out area before they are inspected by the state veterinarian on duty.
  - \* All out of state cattle for exhibition, regardless of age or sex must be identified with an official tag which is listed on the CVI prior to entry to North Dakota. In state cattle will be checked by State Fair Veterinarian as they enter the barns. For more information, see “Health Requirements” section.
- Registered, identified, and grade animals allowed. Registration papers must be available for review. Registration, DHIA or other records must be used for group class entries; the honor system will be used for birth dates in single animal classes for grade animals if papers are not available.
- The entry fee is **\$5 per head in single animal Classes; \$5 per group in multiple animal classes.** Tack stalls (5 feet wide) are **\$10 each.** Stalls will be forfeited if the number of animals entered requires additional room for stalling. Canadian exhibitors at par for entry fees, compliments of ND State Fair. Specify special stalling needs on entry forms. Late entries will have no stall guarantees.
- Straw will be available for purchase.
- **Due to limited space in the West Lot, livestock trailers will be required to park off grounds. Tow vehicle can park in West Lot with appropriate pass and providing there is space available.**
- Vehicle passes must be purchased in advance of the first day of Fair, and will not be available for purchase at the gate. Please order on the entry blank. Livestock vehicles will be allowed on the grounds between 8pm and 10am. No admittance between 10am and 8pm except for unloading or loading of livestock.
- Superintendents will stall cattle in the barns upon receipt of entry fees and veterinarian approval.
- All animals shown in group or herd classes must be entered in single animal classes. Premiums will be paid on only 2 entries per class. When making entries, be sure to list breed of animal. Animals must be exhibited under the officially recorded owner’s name or farm name.
- Minimum milk collection facilities and equipment will be provided. Note: there is no market for milk produced during this event, so no revenues will be paid for milk collected. Nonetheless, the public is watching, so be sure to use best management practices as if the milk was being collected for food use. All exhibitors using these facilities are expected to keep the area and equipment spotless.
- **Fan Policy:** no fans or fan stands of any type will be allowed in the barn aisles.
- **The Herdsman Award,** awarded to an exhibitor of dairy cattle, is based on neatness and general appearance of the exhibit, as well as the exhibitor’s cooperation and courtesy throughout the exhibition period.
