CRITIQUE

(Please send a school sign to put with your display items)

1. MOUNTING

- No more than eight exhibits on a tag board.
- Lettering should be well planned, balanced and attractive.
- Same quality of work should be mounted together in any one display.
- Student's names should be visible on display.
- **Only one entry tag per board is needed.**
- Please remove all county fair ribbons.

2. DISPLAY

- Select the BEST work for display and not the work of the entire class, e.g., 20 students draw sketches: only the best should come to the Fair, other students may enter another project.
- Science projects need art and language skills for proper presentation.
- Use Showmanship in all displays (see below).
- Do not display small projects on extremely large bases.

3. SHOWMANSHIP

- Explanations in the form of 3 x 5 cards may be necessary.
- Include the special circumstance and history of the project.

4. STABILITY

- Construct projects so they will not fall apart in normal handling and transportation.
